## About me

Highly skilled **UX/UI Designer** with +3 years of experience in **user research, wireframing, prototyping, persona development** and **usability testing**, creates **visually appealing** and **user-friendly** digital products that solve real-world problems and are interactive and engaging. Having great **communication** and **teamwork** skills, I'm ready for **remote** and **hybrid** work.

## Work Experiences

### Freelance UX/UI Designer

Since 2019 - Present

- Designed seamless and intuitive **user experiences** and **user interfaces** for various digital products
- Conducted **user research** and **surveys** to understand the target audience and their needs
- Designed **information architecture**, incl. **site maps, content organization, navigation, persona development, wireframing** and **prototyping**
- Designed **branding** to develop **user-friendly** and **visually appealing** platforms
- Designed **layouts** and **mockups** for digital products to show the finalized design
- Managed multiple projects simultaneously, ensuring timely delivery and meeting deadlines

### Smokybet Website - UI/UX & Visual Designer

December 2022- March 2023

- Conducted **user research** and **surveys** and designed **user persona** and **user journey**
- Designed **branding** and developed **mockups** for the finalized product
- Designed **low-fidelity wireframes** and **prototypes** for the **responsive design** suitable for all devices
- Designed the **visual elements** incl. **components, color scheme, typography** and **website banners**
- Conducted **accessibility** and **usability testing**
- Developed **design system**
- Collaborated with another designer on designing the website's logo and logo motion

### Pink Donut Shop Mobile app- UI/UX & Visual Designer

October 2021 - October 2021

- Performed **user research** and created **user flow, user persona** and **user journey**
- Developed **low-fidelity wireframes** and **prototypes**
- Designed **information architecture** incl. **low-fidelity wireframes** and **prototypes**
- Developed a **responsive mobile app design** suitable for different mobile sizes
- Conducted **accessibility** and **usability testing**
- Designed **design system**
- Designed the app's **banners**

### 418 Studio - UI/UX Design Intern

July 2019 - September 2019

- Gained experience in **wireframing, prototyping, persona development** and **user research**
- Gained experience working with designing and prototyping tools incl. **Figma** and **Adobe XD**
